# About MERAKI CARE

Australia's disability care industry is doing some of the best work globally, and we feel privileged to be a part of this noble community. We are Meraki Care Services Pty. Ltd, the latest entrant into Queensland's disability care sector.

Ours is a team of well-trained and skilled healthcare professionals with significant years in the medical industry.

After devoting years of service to the healthcare field, we felt passionate about contributing to the lives of the differently-abled. Thus, we launched Meraki Care Services.

At Meraki Care, we offer flexible, friendly and fulfilling disability support services to our clients, and we stand out for our quality, perfection and unwavering service standards.

We maintain utmost quality standards and follow all the rules, regulations and guidelines laid down by the NDIS. We also ensure that there is complete transparency in all our paperwork and documentation at all times.

Our services cover the entire gamut of Accommodation/Tenancy Assistance, Household Task Assistance, Travel and Transport Assistance and Community Nursing Care.

Backed by committed, trustworthy and efficient caregivers, we work towards achieving 100% client satisfaction and offer a service they can rely on and return to, as and when required.

Our ultimate aim is to deliver excellent assistance and timely support so clients can lead a happy, healthy and independent lifestyle, just the way they want to.

We also respect the fact that every individual is different, and so are their needs. It is why we tailor our offerings to match our client's exact requirements and preferences.

To this end, we provide an array of convenient registration and accommodation options amidst the natural beauty of Sunshine Coast, one of the most beautiful locations in Australia. These include Shared Living, Short Term Accommodations and Supported Independent Living.

We understand how important it is for the families of differently-abled individuals to find a care service which is dependable and well-qualified to offer high-quality assistance to their loved ones. And we would like to assure you that we are the service which they can trust without any reservations.

We are fully qualified and ready to start serving the disabled community, and we seek your help and support in this matter.

If you have any questions or would like to know more about us, let us know, and our team will arrange a telecom at your earliest convenience.
